Mr. Erwin W. Kreis, Secy.,
Milwaukee Radio Amateurs' Club,
1632 North 35th St.,
Milwaukee 8, Wisconsin

Dear Mr. Kreis:

In July, 1937, we announced in QST the Milwaukee Radio Amateurs' Club 56-Mc. Achievement Award for the first licensed United States amateur who worked two-way between continents.

As you know, the beautiful gold cup trophy is still at the Headquarters offices, there being no claimant. The engraving may require some modifications and the whole trophy should be reconditioned. It is engraved for "56 Mc." and includes the date "1936" which problems we might with your approval take up with some local jewelry firm.

We are writing now to inquire if MRAC wishes to reestablish the award in terms of the new 50-54 Mc. band. If so, we will be happy to run a suitable announcement and a photo of the cup. Before we do this, we would like your expression of approval of the rules as they appeared originally. We enclose a copy of the rules as published in July, 1937, QST.

We feel that announcement of the award would be timely in June QST, copy for which must be completed by April 15th. Will you please bring this matter to the attention of the club and advise us of your decision as soon as possible?
73.

Sincerely,

F. E. Handy
